Chy Mohammed **Tawsif** Khan

Summary

A computer enthusiast with extensive knowledge of full stack engineering. A problem solver, motivated to explore existing technologies and new. Worked with multiple teams on several types of projects. Looking for a company where I can contribute my experience which will benefit the company and give me opportunities to be part of its growth.

Experience

Technical Lead Engineer- 09/2022 to 12/2022

Engineering Studio Denver

1801 Wewatta St, CO 80202 (remote)

www.esdenver.com

- Technical Lead Engineer
- Developing and managing firmware with C++ and website using Laravel & VueJS

Full Stack Engineer - 10/2021 to 08/2022

Kavax Media Ltd. London, United Kingdom (remote)

https://kavax.co.uk

- Full-Stack Engineer
- I have built this current CRM website using Laravel & VueJS

Software Engineer - 07/2020 to 09/2021

E Eye, Kuala Lumpur, Malaysia (remote)

- Software Engineer
- I built a Data Analysis software for their IoT devices using VueJS, Laravel and Python.

Co-Founder & CTO - 09/2018 to present

Eble Tech, Melaka, Malaysia

- As a co-founder and CTO I had to decide the technology, write code and manage the developer team. Mostly, we used Laravel, Vuejs & Python.

Senior Programmer (R&D) - 02/2020 to 06/2022

Multimedia University, Melaka, Malaysia

- Senior Programmer
- Worked on Deep Learning based Emotion Recognition System for smart homes using ECG data. It is an IoT system to maintain room temperature and light intensity.
